**Validation**

I do hereby certify that the information contained in this application is accurate to the best of my knowledge. I also understand that if a Church Plant Project receives financial support from EVUSA:

1. The church plant must be an IPHC church.
2. Both the church and the church planter must tithe faithfully as required by Evangelism USA.
3. If for some reason the church ceases to function as an IPHC church, all property and furnishings acquired will then belong to EVUSA for reinvestment in its church planting ministry.
